

Blue Hors Don Schufro in the lead

Posted on 2 Dec 2019 by Nathalie De Martin

At Hippomundo you can read a lot about the best jumping stallions in the world, but we have also developed the necessary tools and rankings for dressage and eventing horses!

For example, **Blue Hors Don Schufro** takes the lead in the ranking of dressage stallions. He has 24 offspring who, together, collected a prize pool of nearly 200,000 euros so far this year.

But Don Schufro is not the only son of Donnerhall who is in the top 10. Also Dressage Royal (4th) and De Niro (7th) can present good results with 3 and 32 international offspring respectively.

Sandro Hit is in second place with a prize pool of 195,221 euros collected by 35 offspring. Belissimo NRW follows in third place. He has 23 offspring active in the international sport, good for 171,594 euros.

Sir Donnerhall I is the stallion that can present the most international offspring, with 46 in total. Broere Jazz follows with 38 international offspring.
